

ABOUT US

With over 15 years in the educational sector, the Fluentblu partnership brings together leading technical specialists to provide unique, bespoke and innovative ICT services to our customers. Re-defining and improving how ICT support is conducted is at the forefront of our company philosophy and our comprehensive range of options ensures schools no longer have to fire fight problems and instead have a proactive, unlimited and flexible I.T team at their disposal.

- Unlimited Remote Support
- Server Monitoring
- Unlimited Phone Support
- Rapid Response
- Unlimited Onsite Support
- Cyber Security

Over the years I.T support has been a presence at your school on a scheduled day and not much more. Modern ICT and the diversity and depth of technology being used is now cross curricular and used 24/7 and this break fix method is no longer fit for purpose. Our innovative, uncapped support model allows you to be proactive and efficient with your technology, by having un restricted support when you need it the most. Waiting for fault fixes to happen is no longer acceptable and the Fluentblu partnership has broken the mould to provide a support resource which mirrors the real needs of your school.

WHY CHOOSE US

-  Unlimited levels of support covering telephone, remote and onsite means no issue is left outstanding.
-  Proactive monitoring of servers and workstations prevents downtime and increases reliability.
-  SLA designed to meet the realtime operations of your school. This means constant day to day supervision of your network and devices.
-  Your school receives the advice and guidance it needs to effectively improve I.T and future proof investment.
-  True proactive support means you improve as a school. No more fire fighting problems or putting up with issues. Smooth running I.T is now critical to your school and our support program is designed for rapid response when you need it the most.

Unique I.T support solutions designed for education

UNLIMITED I.T SUPPORT

CONCEPT

To provide a fully inclusive, unlimited, flexible support resource, which provides you with a proactive forward thinking I.T team, focused on making your operations more productive.

THE METHOD

No more waiting for your scheduled I.T visit. Our service is designed to provide the exact assistance when a problem occurs with unlimited support when you need it the most.

THE BENEFITS

Issues are dealt with quickly and efficiently, before they impact your productivity. No more waiting for a site visit and putting up with problems. This means increased reliability and a happy school!

WORKING TOGETHER

Every member of staff has access to instant support, which is designed to remove costly wait times. Logging issues into a book is a thing of the past, our support model is designed to support your school all day every day and not just on a scheduled visit!
